## 《Data Structure》

Name : Yeo King

Student ID : 201969990051

Class : CST 2019

```

int main()
{
    int n;
    LList<int> list;
    list.init();
    cout << "Insert function : " << endl;
    cout << "Insert 25 " << endl;
    list.insert(25);
    cout << "Insert 35 " << endl;
    list.insert(35);
    cout << "Print function : " << endl;
    list.print();
    cout << "Setpos to 1 " << endl;
    list.setPos(1);
    cout << "Print function : " << endl;
    list.print();
    cout << "Remove Function : " << endl;
    list.remove(n);
    list.print();
}

```

Microsoft Visual Studio Debug Console

```

Insert function :
Insert 25
Insert 35
Print function :
< 35 25 >
Setpos to 1
Print function :
< 35 25 >
Remove Function :
< 35 >

```
